1.History

- ✦ From 2007 with only 400 SQM and 5 workers to now have 30000SQM industrial zone and more than 200 workers.We always keep our faith on high quality products.
- ✦ As our motto is To let customers expect the same as what they got on service and products..

2. Brief introduction

1.1 Company register information

Is that company register?	Yes		
Register time	April 2007		
Register turnover	10,000,000 RMB		
Main products supply	stainless steel/bronze/aluminum customized casting(Sand,gravity,investment,die),sheet metal and forging parts		
Available materail	stainless steel,bronze,aluminum,iron,zinc,etc		
Application	Nautical,automobile,lights,pump,coffee machine,meat grinder,propeller,etc		

1.2 Basis information

Contact person	Jason Deng	Contact email	jason@semsupp.com
Telephone	+86-1768822300	Fax	
Company type	Limited liability company		

1.3 Factory information

Factory size	30,000SQM	Workshop size	20,000SQM
Office size	10,000SQM		

2. Brief introduction

2.1 Stuff

Department	Person
Financial	5
Sales	10
Admin	8
Production	178
PMC	9
Engineering	30
QC	10
Total:	250

3.Service and engineer ability

3.1After sales service

Is that the factory have finished products QC?

We can show the clear QC report to the clients for finished products QC.

If clients complaint,Is that the factory have clear process for solve the problem?

We can show the process to the clients and we will follow it.If any clients complaint,Sales person will hand in the compalint report the related department and give the solution within 3 days.

If quality problem,Can we track which patch original material is?

For each furnance of the material,We will use our own SPECTROMETER to check and will keep the checking sample 3 years.

3.2Engineering ability

Working experience of the engineering stuff

3 persons with 1 year experience
3 persons with 2 to 5 years experience
4 persons with 6 to 10 years experience
6 persons with more than 10 years experience

What software we using

AutoCAD, Solidworks, CREO,etc

Did we have the patent certificate?

Yes

4. Production process and ability

4.2 Production machine

Picture	Machine name	Original	Quantity
	Laser cutting machine	China	10
	Bending machine	China	5
	Riveting machine	China	5
	Welding production line	China	5

4. Production process and ability

4.2 Production machine(Ability)

Picture	Machine name	Original	Quantity
	Wax injection machine	China	30
	Wax melting machine	China	2
	Temperature resistance machine	China	4
	Shot blasting machine	China	6
	Sand blasting machine	China	2

4. Production process and ability

4.2 Production machine

Picture	Machine name	Original	Quantity
	Case shaking machine	China	2
	Polishing machine	China	50
	Heating machine	China	8
	Furnance	China	6
	Spectrometer	Germany Spectrom	1
	Cutting maching	China	2

2024-4-19

4. Production process and ability

4.2 Production machine

Picture	Machine name	Original	Quantity
	Drilling machine	China	6
	Punching machine	China	10
	Punching machine	China	6
	Water leaking testing machine	China	5
	Screwing machine	China	15
	CNC	China	50

4. Production process and ability

4.2 Production machine

Picture	Machine name	Original	Quantity
	Water polishing machine	China	2
	Line cutting machine	China	3
	Salty spray testing machine	China	1
	Hardness testing machine	China	1
	CMM	China	1
	Assembly line	China	3

4. Production process and ability

4.3 Production ability

How to make sure the workers produce in right behavior?	Before production, All the worker will have the working manual for fix products.
Will the factory do the material testing?	Yes, We will use our spectrometer to test the material.
Will the QC make the record for the testing?	Yes
How to test the finished products?	100% testing (Size and application testing)
How to define the inferior and good products?	With different colour box and place
What process will do for the inferior products?	Fix and QC again.

4. Production process and ability

4.4 Welfare for the workers

Is that the workers will sign contract with our factory?	Yes, Before workers come in the factory, All of them should sign official labor contract
Is our factory will buy society insurance for workers?	Yes
What is the working time?	From 8AM to 5:30PM
Is the factory have dormitory for workers?	Yes, And our factory will afford the cost for breakfast, lunch and dinner.

4. Production process and ability

4.2 Working protection

Is that our factory will supply the medicine or emergency treatment products?

Yes

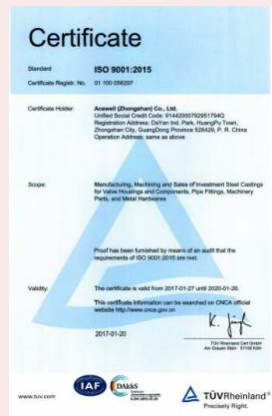

Is that our factory will arrange body check for workers?

Yes, One year we will arrange body check one time for all of our workers.

5. Certificate

5.1 Certificate picture

TUV ISO 9001:2015

TUV IATF 16949

TUV AD2000

6. Why choose our factory?

✦ 6.1 Quality control

- ✦ From Material to finished products, Each step we have quality control
- ✦ (1) Material - we use the spectrometer to test.
- ✦ (2) While producing - Each step will have QC person to check.
- ✦ (3) Assembling - Before assembly we will use super sonic to wash, Then we check the surface and size again.

6. Why choose our factory?

- ✦ 6.2 Cooperation guarantee
- ✦ (1) We can sign the quality guarantee contract with our clients.
- ✦ (2) No problem for third party company to check the quality of the products.
- ✦ (3) If any quantity problem, we will afford clients all lost and the shipping cost to send the new products to them.
- ✦ (4) L/C payment is also ok.

6. Why choose our factory?

- ✦ **6.3 Person who you cooperate with**
- ✦ **10 years is not a long but also not a short time, Most of the factory producing railing fittings now is only focus on low price with bad quality.**
- ✦ **But our factory only focus on high end, Because we always keep in mind that we need to change everyone's view about Made in China products.**
- ✦ **To cooperate with our factory, You will not have the lowest price in these products, But you will have the most hard work and determination people to help you also success in your business.**
